SUMMARY

Enthusiastic Front-End Developer skilled in HTML, CSS, Tailwind, JavaScript, React, and Redux, with hands-on project experience building responsive and interactive UIs. Currently learning Node.js to transition into full-stack development.

TECHNICAL SKILLS

Programming Languages: C, Python, C++, SQL, JavaScript

Frontend Development: HTML, CSS, Tailwind CSS, JavaScript (ES6+), React.js, Redux, Responsive UI Design

Libraries & Tools: Git, GitHub, Axios, React Router, Postman

PROJECTS

E-Commerce Web Application

Frontend Development

Dec 2025 – Present

React, Redux, Tailwind CSS

- Developed a fully responsive e-commerce platform with product listing, category filtering, and dynamic UI components.
- Implemented cart, wishlist, authentication, and state management using React Context and Redux principles.
- Designed a clean, modern UI using Tailwind CSS, focusing on user experience and performance.
- **Live Demo:** messishopss.netlify.app
- **GitHub:** github.com/nidhiatwork01-cmyk/ecoapp

To-Do List Application

React Project

Oct 2025 – Nov 2025

State Management and UI Design

- Built an interactive task management app using React functional components.
- Implemented state management for task creation, editing, completion, and deletion.
- Designed a minimal and responsive interface ensuring smooth user experience.
- Applied best practices in reusable components and React hooks.
- **Live Demo:** smartytodo.netlify.app
- **GitHub:** github.com/nidhiatwork01-cmyk/smarter-todo

EXPERIENCE

Frontend Developer – Personal Projects

- Built React-based applications including an E-commerce platform and a To-Do manager using React, Redux, Tailwind, and REST APIs.
- As an active member of my college's Anchoring Society, I have hosted and led multiple major events, engaging diverse audiences with confidence and clarity. I managed event flow, coordinated with organizing teams, and ensured smooth execution on stage. This experience strengthened my public speaking, leadership, and adaptability, helping me guide events with professionalism and high energy.

EDUCATION

Kalinga Institute of Industrial Technology

B.Tech in Electronics and Computer Science-CGPA-9.2

Bhubaneswar, Odisha

2023–2027
