SUMMARY

Enthusiastic Front-End Developer skilled in HTML, CSS, Tailwind, JavaScript, React, and Redux, with hands-on project experience building responsive and interactive UIs. Currently learning Node.js to transition into full-stack development.

TECHNICAL SKILLS

Programming Languages: C, Python, C++, SQL, JavaScript, TypeScript

Frontend Development: HTML, CSS, Tailwind CSS, JavaScript (ES6+), React.js, Redux, **Vue.js**, Responsive UI Design

Libraries & Tools: Git, GitHub, Axios, React Router, **Vue Router**, **Pinia**, Postman

PROJECTS

Personal Portfolio Dashboard (Vue.js)

Jan 2026 – Present

Frontend Development

Vue.js, Pinia, Vite

- Created a responsive and professional personal dashboard using Vue.js and Pinia for state management.
- Implemented theme toggling, routing pages, resume download feature, and interactive UI components.
- Designed clean UI components focused on readability, accessibility, and smooth navigation.
- **Live Demo:** (<https://nid-portfolio.netlify.app/>)
- **GitHub:** (<https://github.com/nidhiatwork01-cmyk/vue-project>)

E-Commerce Web Application

Dec 2025 – Present

Frontend Development

React, Redux, Tailwind CSS

- Developed a fully responsive platform with product listing, filtering, and dynamic UI components.
- Implemented cart, wishlist, authentication, and state management using Redux.
- Designed a clean, modern UI using Tailwind CSS.
- **Live Demo:** messishopss.netlify.app
- **GitHub:** github.com/nidhiatwork01-cmyk/ecoapp

To-Do List Application

Oct 2025 – Nov 2025

React Project

State Management and UI Design

- Built an interactive task management app using React functional components.
- Implemented editing, completion, deletion, and reusable hooks.
- Minimal and responsive interface ensuring great UX.
- **Live Demo:** smartytodo.netlify.app
- **GitHub:** github.com/nidhiatwork01-cmyk/smarter-todo

EXPERIENCE

Frontend Developer – Personal Projects

- Built React-based applications including an E-commerce platform and a To-Do manager using React, Redux, Tailwind, and REST APIs.
- As an active member of my college's Anchoring Society, I have hosted and led multiple major events, engaging diverse audiences with confidence and clarity. I managed event flow, coordinated with organizing teams, and ensured smooth execution on stage. This experience strengthened my public speaking, leadership, and adaptability.

EDUCATION

Kalinga Institute of Industrial Technology
B.Tech in Electronics and Computer Science-CGPA-9.2

Bhubaneswar, Odisha
2023–2027
